Upon your arrival at Prairie Maison or Sannes Skogdalen, the Social Worker will greet and review any questions or concerns you may have. You then will be accompanied to your room where the Admitting Nurse will assist you in getting settled.

Our interdisciplinary team will work with you on developing an individualized plan of care that will outline your desired goals and ways to meet them.

In working towards your stay being comfortable for you, we encourage you to bring items of comfort.

Social Services:

Sannes:

Prairie Maison Nursing Home: The Social Services Department has a Certified Social Worker who is part of the Interdisciplinary Team that assists you in establishing your plan of care. The Social Worker assists in providing information/resources as well as making referrals as needed in regards to financial concerns such as applying for Wisconsin Medical Assistance. The Social Worker also works with the Billing Department on Medical Assistance applications and or other insurance questions.

The Social Worker also assists during the discharge planning process to assist in minimizing any stress for you and your family on possible services you may need in returning home or to a less restrictive environment of some kind.

The Social Worker is a support for you from pre-admission to discharge. They are available to speak to you and your family as there are any questions or concerns.
